## Healthcare Provider Payment Solution

tevixPAY is a payment solution that makes sure healthcare providers get paid!  
What tevixPAY does for your bottom line!

Provider decides how much they want to collect, co-pay, deductible or provider's cost of service

Provider offers patient an option to pay up front or spread payments over 10 months with no interest

Provider GETS PAID!

### Benefits for Healthcare Provider

- Receive cash within 24 hours
- Reduce pay resistance
- No barriers for use
- No software
- No hardware
- No installation
- No IT involvement
- No capital expenditure

### Benefits for Patient

- Affordable payments
- No interest
- Automatic payment option

## How tevixPAY Works

- Patient is presented with option to pay bill or spread payments over 10 months using tevixPAY
- Patient pays via credit card, interest free, over 10 months
- tevixPAY pays Provider within 24 hours
- Provider's office reviews tevixPAY dashboard to track patient payments

tevixPAY is an upgrade to our tevixPAS (Patient Admit System) solution. The combined upgrade allows providers to validate patient's identity and benefits along with collect payment for services up front.
